SUMMARY

Detail-oriented full stack developer with the expertise in both front-end and back-end development, with the ability to provide scalable web applications and innovative software solutions. Has experience with the entire lifecycle of software development-from concept to deployment and maintenance

EXPERIENCE

Full Stack Developer

Jun '24 — Nov '24

Bigziel private Limited

Chennai, India

6-months Full Stack Development Internship . I've worked on Unislink Project and Plusgen . I Developed my practical skills in JavaScript, HTML, CSS, Bootstrap, and React.js, node.js and mongodb through hands-on experience

IOT farmer

Chennai, India

MRL Technologies

Internship on Smart Lighting Project using Rasberry Pi , Enhancing Skills in Circuit Design , and System Integration while Collaborating with Experienced Engineers in the IOT Field.

EDUCATION

Bachelor of Technology in Artificial Intelligence and Data Science, Anna University (GPA: 7.5 - CGPA) Jun '21 — Present

Higher Secondary Certificate in , Zion Matriculation Higher Secondary School (GPA: 8.3 - CGPA) Jun '20 — Apr '21

Secondary School Certificate in , Zion Matriculation Higher Secondary School (GPA: 7.4 - CGPA) Jun '18 — Apr '19

CERTIFICATIONS

Python for data science, IBM Cognitive Class Jan '25

MongoDB, Naan Mudhalvan Jan '24

Full Stack Development, Bigziel pvt, Ltd Dec '24

AWARDS

Sports

Winner and runner at various cultural and sports. Events

Techfusion

SRM University

Second prize winner for "Techfusion" a technical event at SRM valliammai engineering college

PROJECTS

Online Complaint System [Link](#) Oct '24 — Dec '24
Chennai, India

- Developed a fully functional **Online Complaint System** that allows users to register and manage their complaints virtually, ensuring an efficient problem-reporting process.
- Designed and implemented an interactive and intuitive user interface using **HTML, CSS, JavaScript, Reactjs, Node.js, Express.js and MongoDB** for seamless user interaction.

Personal ChatBot [Link](#) Jan '25 — Jan '25
Chennai, India

- Designed and developed a personalized chatbot to deepen understanding of conversational AI concepts and underlying mechanisms.
- Explored and implemented the functionality of **REST APIs** to facilitate seamless client-server interactions and enable dynamic communication between the browser and server.

SKILLS
